

Dear Parents and Carers,

As you know we are trying to provide online learning for all our students. We are aware of the pressure this may place on your existing contracts with your existing provider. We have been made aware of a support plan that has been backed by some providers and is being co-ordinated by the government

The Department for Education is offering to increase mobile data allowances for children and young people to help them access work from their school during this lockdown period.

This scheme is open to children and young people who:

- don't have access to a [fixed broadband connection](#)
- cannot afford the additional data needed to access educational resources or social care services
- have access to a mobile device that uses a participating network
- are facing disruption to their face-to-face education, or have been advised not to attend school

The scheme at present only applies to data on the following networks:

- Three
- Smarty
- Virgin Mobile
- EE
- Tesco Mobile
- Sky Mobile

If you would like to take up this offer, please send me:

- the name of the account holder
- the mobile phone number
- mobile network
- whether the account is pay monthly or pay as you go
- your confirmation that you have read the privacy notice

[Explaining our privacy policy – Guide to collecting mobile information - Get help with technology - GOV.UK \(education.gov.uk\)](#)

If you would like to be included in this scheme please could you email the school ([admin@newmarketacademy.co.uk](mailto:admin@newmarketacademy.co.uk)) with the information requested above.

With best wishes

Neil Fisher
